The Better Business Bureau in San Diego is certainly looking out for local residents.

They warn that a gang is headed west, and will probably pass through Spring Valley and Lemon Grove soon, working a nefarious scheme.

The way the gang operates is they stop over in a community and make numerous telephone calls to local housewives. They tell each person that correct answers to simple questions earn $5 credit memos at any store where the "winner" has an open charge account.

After gaining the desired information (who has open charge accounts at what stores) the gang visits these stores and makes purchases in the name of known, established charge accounts.

Checks in larger amounts than purchases are then tendered as payment on the account with the cash difference given to the party making the purchase. The gang collects many hundreds of dollars then skips.

Moral: free items always have a gimmick when they come from a stranger. Make sure you know what the gimmick is before you respond.

Assemblyman Sheridan Hegland (Dem-77th) told us privately last week that he was probably more disappointed by the failure of incorporation than many local residents who helped sponsor it.

He said that he, as a member of the California Assembly County Municipal Government Committee, could view communities in all of the state's counties and that Lemon Grove, as much as any had ever seen, could have profited by becoming a general law city. He said it would be advantageous tax-wise as well as service-wise.

He also said that as a politically-sensitive office holder he felt that timing was bad. Had the issue been voted before the county tax bills had been distributed, incorporation would have passed, said he.

Hegland is currently interested in the county supervisors study of the Lakewood Plan whereby one county government may contract services from any other on a cost plus basis. "There is no reason why custodial services, for example, for a city building couldn't be purchased from a school district," he said.

All of which is reassuring to those of us who sponsored the issue. It says that the idea was not abortive, just expensive . . . and poorly timed.

A suggestion has been made by at least one of the top vote getters in the incorporation election and the idea seems to have some merit.

He says those who polled the most votes, or at least those who would have formed the first council had the issue been successful, should get together soon after the holidays, to see whether or not the community's needs are as great as many have been saying they are.

A next step would be to list

Parker, Spears To Head Grove Chamber For 1959

William Parker, manager of the area office of the Pacific Telephone and Telegraph company, Thursday of last week was elected president of the Lemon Grove chamber of commerce.

Jim Spears, local Ford dealer, was elected vice president.

Six new members were elected to the board as directors. These are: Mrs. Connie Carlton, health food store operator; Jack Durham, insuranceman; A. E. "Bob" Howell, insuranceman; William B. Paul, manager U. S. National bank, and George Scott, San Diego department store operator.

Holdover directors include: Marshall Adams, Morrison-Adams, Jewelers; Kenneth A. Barwick, attorney; Dee Brumley, Brumley's Shoes; Dr. Robert Burns, veterinarian; John Burris, Lemon Grove Drug; F. R. Faucher, postmaster; N. R. Flannery, Lemon Grove Tire Co.; L. W. Fritz, Fritz Shell Service; E. M. Newton, Lemon Grove Stationers; Bill Parker, Pacific Telephone & Telegraph Co.; Jim Spears, Spears Ford; Bill Vandenberg, Dutch Cleaners.

The issue of permitting the vice president of the chamber, when serving his last year, to serve an additional year as a director, was approved.

In other activity at the chamber meeting, Richard Kohaneck, member of the professional firm which handled the details of the chamber's bid for incorporation of Lemon Grove told board members he was conducting a house-to-house sampling among voters to ascertain the reason for the variance between previous samplings and the outcome of the election. Samplings indicated incorporation would pass by a 5 to 3 margin.

Assemblyman Sheridan Hegland, a guest at the meeting, said he was disappointed at the outcome of the election on Lemon Grove incorporation. He said communities throughout the state are finding it expedient and profitable to form cities of smaller areas. He said it seemed reasonable to incorporate the north central part of Lemon Grove and permit annexations, if any area desired to join later.

Hegland said he did not think annexation to La Mesa could be successfully accomplished. "There are factions in both communities who would oppose it," he said.

Hegland also said he was pleased that the supervisors of San Diego had requested the county chief administrative officer to make a study of the Lakewood, California, plan. "There is no reason why one county agency shouldn't sell services to another," he said. "There is also no reason why services should not be bought from private interests as a savings," he said.

Among items to be acted upon later was a letter of resignation submitted by chamber secretary Gladys Kranch who has accepted a full-time position elsewhere, and the details of an installation dinner for new officers of the chamber.

Hearing Officer Suggestion Nixed

A hearing officer to conduct county board of supervisors meetings was suggested Monday by Bertram McLees, Jr., legal advisor to the board.

McLees said board of supervisors hearings which might be used as the basis for appeals to superior court should be conducted so that rules of evidence are followed and a complete record is developed.

Board members turned down the suggestion.

La Mesa American Legion Auxiliary Garners Top Honors In District

The auxiliary of La Mesa American Legion Post 282 was honored recently as the most outstanding auxiliary in the 22nd district, which includes San Diego and Imperial counties, for the third consecutive year. The 22nd district includes 29 auxiliaries.

The La Mesa auxiliary was presented with a sterling silver water pitcher in honor of the award which is given for community service, Americanism, child welfare, rehabilitation of disabled veterans and school scholarships.

Presidents who were in office during the three years the award was won are Mrs. Roscoe Duley, Mrs. Lester Freeman and Augusta Jiannalone.

The next regular meeting of the auxiliary will be held on Friday evening in the American Legion hall, La Mesa.

The Christmas party for families of all Legionnaires and auxiliary members will be held Monday evening, December 22, at 7 p.m., in the Legion hall. All parents are urged to attend and bring their children. Santa Claus will be there to distribute candies and gifts from the Christmas tree. There will be a song fest of Christmas carols and a musical program will be presented.

POINSETTIA TALK—Three officials of the Boosters club ball, scheduled for 8:30 p.m. Saturday, at Mt. Miguel high school cafetorium, examine poinsettias to be used as decorations at the dance. The ball is being presented as part of the San Diego Mid-winter Poinsettia festival and is being sponsored by the Mt. Miguel Boosters club, recently organized to raise money for added facilities at the school's football field. Left to right, are Mrs. Frank Greenlee, decorations chairman; Mrs. Ted Arrington, ways and means chairman, and Ed Schroeder, Boosters club chairman.

County To Negotiate For Additional Court Space

SAN DIEGO (CNS)—Caught napping in filling the need for a second courtroom at El Cajon, the county board of supervisors indicated this week they were going to be ready when a third courtroom was needed for the El Cajon Judicial district.

Board members Tuesday approved a budget transfer to provide $3,200 for the preparation of plans for the second courtroom. They also authorized an agreement with the city of El Cajon for rental of its council chambers. As a further precaution against failure to fill future needs, supervisors gave the county's chief administrative officer, T. M. Heggland, authority to negotiate with El Cajon officials for purchase of the city hall and other buildings in the city hall area.

No supervisor would say the steps taken were in preparation for a third courtroom in El Cajon, but board members were frank to admit privately they expected judge R. Fenton Garfield to seek appointment of another judge as soon as possible. They said they thought he would ask the additional judge of next year's legislature.

COURT SPACE EXPECTED

In approving rental of the council chambers, with Heggland also authorized to discuss paying rent to the city of El Cajon, supervisors indicated they expected Gilbert Harelson, the second judge, to be provided with space to use as "chambers."

Heggland told supervisors he had thought Harelson would have the use of the office adjoining the council chambers, but it turned out this was used by the city attorney of El Cajon.

"He only uses it at night," Heggland said, "but his secretary is there in the daytime. Judge Harelson needs an office that he can use by himself."

NO ACTION ON PLEA

Supervisors took no action Tuesday on the request of sheriff Bert Strand for advice on what he should do in regard to Judge Garfield's demand that court space be provided, in accordance with the government code.

Garfield last week ordered the

HID ELECTION SET FOR FEBRUARY 3

A Helix Irrigation district election will be held Tuesday, February 3, for the expiring offices of three directors and one collector-assessor-treasurer. The election will be held only if more than one person files for the positions held by officers whose terms are expiring.

In the Lemon Grove-Spring Valley area (district 3) Harry Griffen, the incumbent, has filed for reelection. Griffen has served as a board member since 1951.

In the El Cajon area (district 5) Nat L. Eggert, incumbent, has filed for reelection for the position he has held since 1954.

In Fletcher Hills (district 1) no one has filed for the position, not even the incumbent George Fisher.

Carl Mehl, district assessor-collector-treasurer, has also filed for reelection. Mehl has been with the district since 1937. He has had the triple title for four years and prior to that was deputy collector.

Under a current HID law, no election need be held if nobody or only one person, files for each position. In case of one nominee, the board of supervisors appoints the persons who files. If nobody files, the board of supervisors makes a suitable appointment.

Nominating petitions for any of the four positions must be filed with the district secretary at the Helix Irrigation district office, 8111 University avenue, not later than December 30.

Directors draw $20 for each day worked. The assessor-collector-treasurer has a $450 monthly salary.

All present terms expire March 3, 1959.

Engine Blaze Causes $35 Auto Damage

A flooded carburetor caused $35 damage to an auto Thursday of last week in front of 7863 Broadway, when spilled gasoline ignited. The Lemon Grove Fire department responded to the fire which swept an auto belonging to Henry Davenport of 10430 Del Rio road, Spring Valley.

The Lemon Grove Fire department also was called to a fire in a shed at 8148 Longdale drive Monday when the shed was presumably set afire by nearby building workers which was used as a haven for relaxing. A tossed cigarette was blamed. No damage was reported.

Approximately 1½ acres of grass was burned December 4 at Mt. Miguel high school before Lemon Grove and Spring Valley firemen could extinguish the blaze.

Men's Club To Hear Talk On Taxes

George Fickas, local humorist, set the spirit for holiday cheer Friday when he told the Men's club about his problems of running a business.

It was all in fun, as all the members agreed, since Fickas successfully runs a tire business. He also regaled the group with some of his wartime experiences and got the nod from club members that his was the "most entertaining program" of the club's year.

A more somber program, but one which should hold the members' interest, will be a talk on assessment re-appraisal by Cleveland Estes, chief appraiser for the County Assessor's office. Estes will explain the present program and discuss the opening of a temporary office in Lemon Grove where taxpayers may learn what increase in assessment their property will get.

John McQuilken, county assessor, explained that an increase in assessed valuation did not necessarily indicate a higher tax cost. He warned, however, that increased cost of government business would tend to keep the tax spiral moving higher.

ST. NICK HERE THIS WEEK

Santa Claus will be in Lemon Grove Friday and Saturday. He will be at the Food Basket Market from 10 to 12 and from 2 to 6 on each of the days.

Free goodies will be given to all visitors who believe.

SV Handyman Admits Slaying Benefactress

Alex Mendoza Herrera, 22, ex-convict and former handyman who is charged with killing his employer and benefactress, Mrs. Florence Wyman, 9775 Lamar street, Spring Valley, October 7, pleaded guilty before superior court judge John A. Hewicker December 4. The charge was first degree murder.

Judge Hewicker has scheduled December 17 for sentencing Herrera. He is to be interviewed by the probation department which will prepare a report for prison authorities.

Herrera was arrested by San Diego police after he caused a commotion at a Catholic convent the day of the slaying. Later he confessed to the slaying, which led to the discovery of Mrs. Wyman's body.

Herrera later claimed he "blacked out" at the scene, but psychiatrists said the claim was baseless.

Drawing Prize Stays At $1,300

The Lemon Grove Boosters club merchants' jackpot drawing remains intact again at $1300 this week.

Ronald G. Anderson of 8278 Adams avenue, would have won $130 Friday if he had been at the drawing in the Lemon Grove plaza. Rules of the drawing state a person must attend in order to win.

Tickets for consolation prizes drawn Friday belonged to: J. Connolly of 6721 San Miguel street; Mrs. Marie Brotherton of 2249 Lyndine street; Mrs. Peter Homan of 6829 San Miguel street, and Will Nespital of 325 C avenue, Coronado. None of the above "winners" attended the drawing.

Another drawing will be held at 7 p.m. Friday at the plaza. Tickets can be obtained at Lemon Grove business houses free of charge.

Three More High Schools Seen For Local District

There will be three more high schools in the Grossmont Union high school district within three years if the district continues to grow as rapidly as it has been, Harold Hughes, assistant superintendent, indicated Tuesday.

The first of the three high schools is now underway at Lakeside. Grounds for the school is currently being graded. The buildings are expected to be completed by September, 1959.

The two other schools under consideration are at Fourth and Madison streets in El Cajon, due to be completed by September, 1960, and on Sweetwater Springs boulevard, Spring Valley, scheduled for completion sometime during 1961-62.

Hughes said that according to the enrollment projection in the Spring Valley area, there should be 2,800 high school students in the area soon. He said if the Sweetwater Springs school is not constructed, Mt. Miguel high school might have to go on double sessions.

The Sweetwater Springs 70-acre site is being farmed by Tom Kidu, who leases the land from the Grossmont district.

Bonds amounting to $1,360,000 have been sold to the Security First National bank and associates for an average rate of 3.1 percent, Hughes said. The money is to be used for the El Capitan high school being built in Lakeside. The money should be in the district coffers December 15, Hughes said.

The district applied to the county board of supervisors in July for approval of the sale, but had to wait until September to obtain information on the assessed valuation of the district. The bonds were sold November 18.

A $2,000,000 bond election was approved by voters October 14. Authorization for $2,500,000 for a state loan was also approved.

Christmas Shopping Season Here As Merchants Gird For Rush

Lemon Grove business firms are "kicking off" the Christmas shopping season with a flurry of events devised to make local shopping easier and happier.

Beginning this week, all stores of the local merchants' group will be open every night until 9 p.m. with the exception of the night before Christmas when they close at usual hours.

A gift suggestion supplement of the Lemon Grove REVIEW is included in this issue to make the holiday shopping chore easier. Most residents got a preview of this supplement when the merchants' group sent out several thousand to selected addresses earlier this week. The supplement contains gift ideas, Christmas stories, decorating hints and material on the tradition of Christmas.

The regular Friday drawing, sponsored every week by the Lemon Grove Boosters club, is up to $1,300. Any person who shops in Lemon Grove is eligible to win this prize. It costs nothing to compete as retail members of the club dispense coupons with every purchase made in the business district.

A Nativity scene has been erected in the plaza to add a holiday note to the town. It was sponsored by Lemon Grove Business Women's league. They also supervised the decoration of a Christmas tree which was erected in the north plaza.

Lights and decorations have been strung along the tops of business buildings along Broadway sponsored by the store operators along the way.

Extra salespersons have been hired to handle the Christmas flow of traffic in these stores.

Free parking, while not as plentiful as in years past, is still available. Parking on secondary streets is suggested during peak shopping hours.

Money Doll To Be Given Away Again

A Nativity scene has been erected and the tree in the plaza has been decorated under the sponsorship of the Lemon Grove Business Women's league.

The league has maintained the plaza for the past 10 years with the financial assistance of local service clubs and business people.

The firm of Chapelle and Antonette erected the Nativity scene while members of the local fire department aided the league in decorating the Christmas tree. Ornaments this year were handmade by Mrs. R. Morse and Mrs. Julie Farle.

According to members of the Business Women's league, increased costs of caring for the plaza lawn made it mandatory to hold a money-raising event again this year. The group is requesting 50 cents donations.

One of the contributors will be given a "money doll" prior to Christmas. This doll will be clothed in currency totaling $100. Donations may be made at any local store, or by mail to Business Women's league, box 554, Lemon Grove.

Grove Man Heads Eagles For 1959

District 24, Fraternal Order of Eagles, composed of lodges in San Diego county, Monday elected new officers for the district for 1959.

Past president Richard Judd, 1357 69th street, Lemon Grove, was elected district chairman. R. B. Friend of Chula Vista was elected vice chairman; Lawrence Good, Jr., El Cajon, was named treasurer and Oliver Holt, Coronado, was elected secretary.

School Board Says San Altos School To Be Dedicated January 18

The Lemon Grove school board has set January 18 as the Sunday San Altos school will be dedicated and invited themselves, with their wives, to be guests on the stage. Details of the ceremony are to be worked out and announced early next month.

In other action the board which met Monday, shocked over the district's share of $7,277 for the improvement of Mercury drive, adjacent to San Miguel school, instructed superintendent Byron Netzley to attend the hearing on the project at the board of supervisors December 23 and follow the wishes of the majority of the property owners on the street. The entire project will cost $18,080.50 The district is being assessed in ratio to the true value of the school property. Other property owners fronting on Mercury drive will pay the difference.

Superintendent Netzley said the board had authorized acquiring bids on liability insurance for the various school facilities. A bidder must be a Lemon Grove resident, a district property owner and must have been in business locally for two years.

Grossmont School District Students Learning By Doing Part Time Jobs

One hundred and nine Grossmont High school district students are "learning by doing" this semester. They work part time after school and on Saturdays in local retail stores, offices, service stations, factories, and markets. Some are learning printing, drafting, medical and dental assisting, and the building trades, vocations they will follow after graduation.

All are enrolled in work experience education and receive credit toward graduation if they meet the requirements of the course. Virginia Clapp, work experience coordinator for the Grossmont district said, "In making my first periodic check this semester I found employers enthusiastic about their young employees. Several are already making plans to hire them as full time employees after graduation in June."

Sixty-two students are now enrolled in experimental classes in the district to determine the most successful method of teaching students who work. "Students are very receptive when classroom work affects their jobs," Mrs. Clapp said, "so it is extremely important to relate the information learned in class to on-the-job experience. If during a visit I learn that the student needs more sales arithmetic, for instance, classroom time can be given to such additional work."

The Youth Employment service of the Grossmont district, which serves all four high schools, has placed 250 students since September 15. These temporary jobs range from gardener, mother's helper, and chauffeur, to sales, stock work, and delivery. Mrs. Irma Harding, placement officer, has over 500 applications from students who are eager for work.

"They especially want work around Christmas," Mrs. Harding said. They like to earn money for their gifts." Students with holiday jobs can be excused one week early if they have the permission of their teachers and parents, and if conduct, scholarship and attendance are satisfactory. They can work part time until December 15 and a full eight hour shift from December 15 to 24. Information about student help is available from Mrs. Harding at HO 6-4105, ext. 55.

SD JC Adds Business Classes

Expanded evening classes by San Diego junior college were announced this week for Crawford high, Kearney high and Business campuses.

Additional spring semester classes in accounting, business law, economics, business mathematics, intermediate typing, dictation and transcription have been set for Crawford.

Dictation and transcription classes have been scheduled at Kearney high and the usual full selection of business courses will be offered at Business Campus.

Enrollment information may be obtained from student personnel office at 1425 Russ boulevard after January 5. Classes begin February 4.

IT DOES EVERYTHING BUT PRINT MONEY—A new, electronic banking machine was installed recently at the Lemon Grove branch of the U. S. National Bank, bringing an end to the tedious, time-consuming hand processing of checks and other bank record keeping, according to William Paul, bank manager. The new device reduces record keeping to simple codes and a magnetic tape printed on the back of the bank's record cards and the depositors statements. The machine automatically picks up the old and new balance. If the records do not properly tally the machine rejects the cards. It is a special device for showing overdrafts. Shown operating the machine is U. S. National Bank bookkeeper Dick Stowe while Irene Dooley, also a bookkeeper, looks on.

Mt. Miguel Honor Student Earns Navy Lab. Study Award

Charles Gimber, a Mt. Miguel graduate, winner of a Lemon Grove community scholarship of $1,000 last year, is one of seven June graduates of three high schools of the Grossmont district studying under the Student cooperation program sponsored by the U.S. Naval Laboratories. Gimber lives in Spring Valley.

There are 47 students in the program this year. These fellows, from Helix, El Cajon high and Mt. Miguel were selected to participate in the program on the basis of written tests taken early this year.

Donald Benedict and Charles Gimber, graduates of Mt. Miguel high; Richard Voake, Wade White, and James Henderson from Helix high; and James Bostwick and Kenneth Jennings of El Cajon Valley High are all working toward careers in engineering through the program.

Charles Gimber will spend two years working summers at the Navy Electronics Laboratory and attending San Diego State during the regular terms. The program continues with work at the Laboratory stepped up, until at the end of the 5th year, Gimber will be a full-time member of the staff. James Henderson, Helix alum, will follow the same program. Wade White and Richard Voake will follow this plan, too, except that White is at the University of California at Berkeley, and Voake attends Stanford University.

Benedict worked at Point Mugu during the summer and is now at Ventura College for three years during which he will work half days at the Pacific Missile Range. He will become a full-time member of the Missile Range's professional staff and is obliged, after graduation, to serve two years as civilian engineer or scientist to repay financial assistance received.

James Bostwick and Kenneth Jennings of El Cajon Valley high school, are also working with NEL, Bostwick at San Diego state, Jennings at the University of California at Riverside. The students who work under this section of the program may receive up to $7100 in financial aid, and they agree to work at the laboratory after graduation for at least eighteen months.

The Student Cooperative Program, in its second year of operation, is designed to encourage and assist high school students to choose careers in engineering, physics, chemistry, and mathematics.

DECORATED GREENS WAS PAGAN CUSTOM

Today the Christmas tree is the center of our festivities. Topped with a star and glittering with lights and ornaments, it is a part of the beauty and meaning of the Christmas season.

How did the Christmas tree come to play such an important part in the observance of Christmas?

Greens were brought into the home to provide a haven for friendly spirits, so that they might share in the feast of the winter solstice.

Even after the pagan significance was forgotten this custom survived among a people who loved the color and fragrance of fresh greens.

Legend traces the first lighted tree to Martin Luther, who used lights and decorations to reproduce the beauty of evergreen as seen on a snowy Christmas night.

The custom was imported into this country, and our first record of the use of Christmas trees in America, was by Hessian soldiers, who came from Germany in 1776, during the American revolution.

In 1804 a Christmas tree was mentioned as part of the celebration at Fort Dearborn, where Chicago now stands.

Slowly, over objections, the custom was assimilated and became part of the American Christmas in the latter part of the 19th Century.

Today, as jolly old St. Nick comes sliding down the chimney, he more than likely finds himself in a room with a gaily decorated Christmas tree as tall as the ceiling will allow.

Mt. Miguel Band Acclaimed Again

Additional honors have been brought home by the Mt. Miguel high school band. More than 101,000 people at the Rams-Colts football game at the Los Angeles coliseum Saturday enthusiastically cheered the band's half-time show. November 29 the band won first place in the B division at the Long Beach All Western Band Review.

The prize winning band will present part of the program at the Mt. Miguel high school music department's program, "An Informal Evening of Music" at the school December 18 at 7:30 p.m.

Numbers for the program include the march played at Long Beach, "Americans—We." Also highlights from "The King and I" by Rodgers, "Great Gate Keiv" from "Pictures at Exhibition" by Moussorgsky, and "Mass" from "La Fiesta Mexicana" by Reed.

CCPT To Meet In Spring Valley

A Christmas party will follow a regular unit presidents' meeting at 10 a.m. Wednesday of this week of the Foothills Council of California Congress of Parents and Teachers.

The meeting will be held at the home of Mrs. John L. Thompson, 4016 Rogers road, Spring Valley. A potluck luncheon will also be featured. All junior and senior high school PTA presidents are expected to attend.

NOBODY HURT — Helen Smith Hansen of 5216 Groveland drive, San Diego, escaped without injuries recently when the auto she was driving collided with a San Diego Eastern and Arizona switch train. The auto was badly damaged. Mrs. Hansen was cited by the California Highway patrol for failure to obey traffic signals and signs. Both train and auto were traveling at slow speeds. There was no damage to the train.

New Teachers Building Will Be Dedicated Saturday In San Diego

Over 1,000 educators and their guests are expected Saturday at dedication and open house ceremonies of the new Teachers Association building.

Located at 4470 Park boulevard in San Diego, the 10,000 square-foot building houses offices for the San Diego Teachers association, California Teachers association, southern section, and the San Diego Teachers Credit union. It was erected at an approximate cost of $150,000 by the teachers of the city of San Diego and Imperial counties.

Mrs. Margaret Lemmer, Lemon Grove teacher, will act as mistress of ceremonies for the dedication program which begins at 11:30 a.m., following two hours of tours of the offices. She will introduce Dr. Frank Lowe, who will give the invocation, and Miss Alice Elliott, Mrs. Margaret Collins, and Miss Myrtle Flowers, all presidents of the participating groups. Dr. Lionel DeSilva, executive secretary of CTA-SS, will also be introduced along with members of the boards of directors of the three associations.

Invitations to the dedication have been sent to local PTA leaders, newspaper editors, and other community leaders throughout the county, Mrs. Lemmer said.

Audubon School Sets Yule Story

The Christmas story will be told in tableau form at Audubon school Tuesday at 7 p.m. The public is invited.

Music will be furnished by a primary chorus directed by Miss Barbara Snodgrass and an upper grade chorus under the direction of Miss Marilyn Rogers. Readers for the story will be Martha Hill, Joe Abbott, Larry Lee, and Annette Newman.

The annual White Christmas will be observed at Audubon during the last week of school before the holidays. All students are invited to share in this gift to others less fortunate than themselves.

La Mesa School Acreage Bought

The purchase of 2.7 acres of land which will cost the La Spring Valley school district $32,780, is in escrow, according to Fred Lance, business manager for the district.

The land, which will be an addition to the La Mesa Dale elementary school site, was purchased from eight portions of lots at the rear of the school facing Oran, Parks and Sturgess avenues.

Roads Tax Money Shows Increase

State controller Robert C. Kirkwood last week announced highway users taxes totaling $325,594.51 were apportioned to San Diego county in November. Taxes totaling $29,599,328 were apportioned to California counties, cities and the state highway fund for expenditure on highways.

The total apportionment showed an increase of $1,910,463, or 6.90 percent, over the preceding month, and a decrease of $1,452,033, or 4.68 percent, from the same period last year.

Sources of the latest distribution were: net gasoline tax, $26,303,087; use (diesel) fuel tax, $2,369,255; transfer from motor vehicle transportation tax fund, $926,721; and miscellaneous, $265.

Gross gasoline taxes collected in October totaled $28,210,094, an increase of $243,521, or .87 percent, over the preceding month, and an increase of $254,481, or .91 percent, over the same month last year.

CAROLERS—These two members of the Mt. Miguel high school choir will take part in a program of Christmas songs to be presented Friday before the Lemon Grove Woman's club at 2810 Main street. Shown rehearsing for the Christmas concert are Clest Loustalet, standing, and Sharon Lane at the piano. The mixed choir includes 16 members. Hostesses for the event are: Mrs. Hal Crow, chairman; Mrs. W. F. Donovan, Mrs. E. M. Culver, Mrs. Paul Harvey, Mrs. Louis Lechien and Mrs. E. B. Oberlitner.

MIGUEL STUDENTS COLLECT CLOTHES FOR NEEDY CHILDREN

Students of Mt. Miguel high school are collecting clothing this week to supply to the underprivileged children of the southern Appalachian mountains families of the United States.

It is part of a program sponsored in schools nationally by the Save the Children Federation and is part of their 17th annual Bundle Day Clothing Collection project.

Local residents are urged to donate good, used summer or winter clothing for children, babies and adults. Clothing may be brought or sent to school in bags or cartons. It will be re-packed for shipment. Low-heeled shoes and overshoes are especially requested. Also needed are serviceable coats and dresses, pants, underwear, socks, shirts, sweaters, skirts, caps, blankets, sheets, and baby clothes.

This year, conditions in the Southern Mountains are acute due to unemployment and floods. Donated clothing is sent to the Southern Mountains, where it is made available through SCF Clothing Centers, at very low prices enabling poor but proud people to maintain self-respect.

Additional clothing is distributed without charge, through County Welfare and Attendance Officers to those who cannot afford to pay. Clothing is also stockpiled for emergency disaster use in this country and overseas.

Yule Tree Sale Set

The Lemon Grove chapter of De Molay will sell Christmas trees at Campo road and Bancroft drive, Spring Valley, starting Saturday of this week. Hours will be 9 a.m. to 9 p.m. Kenneth Tresser is chairman of the committee.

Stockton Man Named To Executive Staff Of U.S. National

Mel Riddle of Stockton has been appointed coordinator of advertising and public relations for the United States National bank, according to Melvin N. Wilson, president.

Riddle is a former assistant press secretary to Gov. Goodwin J. Knight and a former public relations advisor to Lt. Gen. A. C. Wedemeyer, wartime commander of U.S. operations in the China theater.

He is a graduate of the University of Massachusetts and has been a newspaper and radio correspondent in Europe. He holds a citation from the queen of the Netherlands for his coverage of the floods which struck Holland in 1953.

He has been news director of KOVR-TV in San Francisco and Stockton and later operated his own public relations agency in Stockton. He will reside in San Diego.

Christmas Greens Available In County Forest

Do-it-yourself Christmas wreath makers and mistletoe fanciers can find plenty of material in San Diego county's Cleveland national forest, according to the Automobile Club of Southern California.

Free permits to pick mistletoe, cones, pods, seeds or manzanita can be obtained from local district rangers in the county. Commercial harvesters must pay a fee based on the amount to be picked.

In Cleveland national forest private property is integrated with national forest land, so a check with rangers is necessary before entering, the auto club warns. Mistletoe, manzanita, wild buckweat, yucca stalks and lichen are reported available around Descanso station. Coulter and jeffley pine cones can be picked up around Mount Laguna, the auto club points out.

Most district ranger stations are open from 8 a.m. to 5 p.m., Monday through Friday. Some stations are also open on week ends. The auto club advises that a check be made on possible road closures caused by fire hazard or snow.

The Forest Service suggests harvesters wear heavy boots and jeans to protect themselves from the brush, and to bring their own cutting tools.

Radio Project To Be Repeated

The Helix Radio Club, with headquarters at the San Diego County Civil Defense office at Gillespie Field, plans to repeat a Christmas project this year because it met with success last winter.

The group plans to meet soon to repair worn-out or discarded radios and TV sets for distribution to needy families during Christmas week. A year ago they distributed more than 30 radios and a couple of TV sets in the county. Albert E. Yale, 8410 Porter Hill Terrace, La Mesa, club president said.

The club members, most of whom are members of the County CD radio communications group, are now looking for old discarded models for this purpose, he said. Persons having such radios or TV's are urged to notify Yale, who said clubmembers will pick them up for the Santa Claus Helper party the club plans to hold soon.

Phone numbers of four of the members are as follows: Yale, HO 6-7264; James Colquhoun, HO 6-6188; Ben Hamilton, HO 9-7507; Scott Miller, AC 2-3717.

The cost of the repairs and any necessary parts will be assumed by the club. The Helix Radio Club includes 25 radio amateurs and is the oldest such club in Southern California.

Navy Nurse To Answer Nurse Corps Questions

LCDR Patrica E. George, nurse procurement officer, will be at the U.S. Navy recruiting station, postoffice building, 8th & "E" streets, San Diego, December 11 and 12, from 10 a.m. to 3 p.m., to interview young ladies interested in the Navy Nurse corps.

Miss George will outline the programs through which navy nurses are commissioned and trained, their duty assignments, and the fields of medicine in which they may expect to gain experience.

75 Children Lonely, Waiting For Jimmie To Come Home

There are approximately 75 lonely children this week in the neighborhood of Jamacha junction, six miles east of Lemon Grove on highway 94.

The children are lonely because a playmate named Jimmie has disappeared. And when you lose a good playmate like Jimmie, you can't ever really replace him. Because Jimmie never complained about little things like having to watch over younger brothers and sisters and never cried when the going got a little rough. He always was good natured; would play just about any type game and always had a smile on his face. He didn't even get sick when he ate too much candy.

Another nice thing about Jimmie was that you could sit and tell him "stuff" and he would listen better than anyone. He was the best listener in the neighborhood. In short, he was a regular "guy."

But now when the kids come home from school Jimmie isn't around to play or sit and listen when you want to tell him about what happened at school or about the new girl who was assigned to a desk right beside you.

Just because Jimmie was a dog doesn't mean you couldn't call him your best friend because he was even better than most friends. You could depend on him. He always was at the Jamacha Junction Feed and Supply store when you got off the school bus in the afternoon.

But on Thanksgiving morning, about 5:30, Jimmie's 1/76 owner, Ted Brown, who operates the Jamacha feed store, heard Jimmie scratching at the door of his ranch home in Jamul. Later, when Ted looked for him, he wasn't anywhere around and hasn't returned to either the ranch or the feed store.

The way Ted figures it, somebody, perhaps a hunter in the area, took Jimmie home with him and tied him so he can't get away.

Once before, about 2½ years ago, somebody stole Jimie and took him to National City. But Jimmie chewed his rope and walked all the way back to Jamacha Junction.

The kids in the neighborhood have pooled their money and collected from parents about $57 for a reward to anyone who brings Jimmie back.

Brown also chipped in and paid for an advertisement in the REVIEW which appears on page eight of this edition. A picture of Jimmie is included in the advertisement.

Jimmie is a four-year-old Australian shepherd, multiple colored (black, white and grey), about 20 inches high and weighs 34 pounds.

The reward money is waiting at the feed store and 75 kids are also waiting to say "Thank You" if Jimmie is brought home.

Farm Bureau Meeting Scheduled Saturday

The El Cajon Farm Bureau center will have its regular potluck dinner and meeting in the Meridian school, 651 South Third street, Thursday of this week, starting at 6:30 p.m. All attending are asked to bring a dish to go with ham and to bring their own table service. There will be a group discussion of adult education.

Baseball League Meeting Slated

An organization meeting for the San Diego county Connie Mack baseball league will be held at 7:30 p.m. Thursday of this week at the office of Tom C. Lean, superintendent of the La Mesa Recreation - Park department, at the Youth and Recreation center.

Persons interested in the development of the baseball program are urged to attend. Additional information can be had by calling HO 9-4128.

The Connie Mack league is made up of boys who have not reached their 19th birthday by September 1, 1959.

Asks CARE Gifts For Overseas

An appeal to place CARE $1 surplus food packages on Christmas shopping lists was made today by Edward J. Flynn, western director of the organization which has a special program to feed hungry children overseas by the holidays.

"There are many good reasons for contributing to CARE at the holiday season," the CARE spokesman said. "There are considerations of international good will, our tradition of generosity, our interest in the welfare of our fellowmen wherever they are. But it all boils down to the best reason of all. Hunger hurts. It hurts, twists, kills. Refugee children by the thousands will have a hungry Christmas unless generous Americans help now. These homeless children may be fed with dollars to CARE's Food Crusade. CARE should be on every Christmas list."

The CARE representative explained that surplus food is already overseas and may still be delivered by the holidays which continue through January 6 in many countries. Every dollar given to CARE sends 22 pounds of food to the needy in many parts of Europe, Asia and Latin America; according to the CARE spokesman. Packages go in the sender's name and with a guarantee of delivery. Contributions are deductible for income tax purposes.

Contributions in any amount may be sent to CARE, 215 West 5th street, Los Angeles 13.

Does your range make cooking "child's play"?
Yes!
When you cook electrically!

WITH A MODERN ELECTRIC RANGE YOU CAN ANSWER YES TO ALL THESE QUESTIONS:

	YES	NO
Does your range turn off automatically when foods are cooked "just right"?	☑	☐
Do you get consistently good results every time you bake?	☑	☐
Is cooking fun . . . fast . . . and practically foolproof?	☑	☐
Can you cook a perfect meal while you're shopping?	☑	☐
Do pots and pans stay "white glove" clean?	☑	☐
Does your kitchen stay fresh and cool?	☑	☐
Can you boil a pint of water in two minutes?	☑	☐
Are the foods you cook always deliciously moist and juicy?	☑	☐
Does your range "take care of itself" — giving you more time for your home and family?	☑	☐

Electric cooking is *easy, quick, clean, cool, economical,* and always *dependable.* What's more, the automatic features of electric cooking enable you to get out of the kitchen . . . and into the family circle.
TALK WITH YOUR DEALER SOON! Or if more convenient, visit the nearest office of the San Diego Gas & Electric Company where a specialist in electric cooking and water heating will help you with your plans to
live better...electrically!
Incidentally . . . while you're investigating the benefits of electrical living, don't overlook the advantages of an *Electric Water Heater.* Fast, clean, dependable. And because an electric water heater requires no flue or vent, it can be installed in any location that's convenient.

MORE GROVE LETTERS TO SANTA

This newspaper, designated again this year as Santa's helper, has received another batch of letters from good? youngsters with a list of things they want carefully listed.

David Lincoln, 1706 La Corta, wants a red fire engine with a hose that squirts and a big truck called the "atomic cannon."

Jenny Ela, 1610 ElRoy drive, wants a bike.

Anita Englestad, 7122 Mt. Vernon street, wants a tether ball, a bike, and a high heeled doll and she is going to get them because she is good about helping mother set the table.

Lynne Marie Runkle, 2523 Crestline, asks for an electric stove, a sewing machine, a dolly hostess closet and doll clothes for a Rice Krispy doll.

Karen Weber, who didn't give her address, says she has been good and wants a Toni doll and a 'frigerator.

Church Women Slate Christmas Bake Sale

A Christmas bake sale, featuring holiday fruit cakes, home baked bread, cookies, pies, beans and home made potato salad, has been scheduled to start at 9 a.m. Saturday at the parking lot facing the U. S. National bank by the women's assembly of St. Philip's Episcopal church.

Mrs. Jessie Nutter is chairman of the sale.

☆ Milk is not fattening. A pint of milk daily contributes only 335 calories to the diet. A normal woman can help in reducing weight. Consumed before meals, it provides nourishment, but dulls the appetite. It can assist in adding weight, too, by serving it with high calorie meals such as pie and cake.

HOSPITAL AUXILIARY TO MEET FRIDAY

The regular monthly meeting of the executive board, Grossmont Hospital Women's Auxiliary, will be held on Friday, 9:30 a.m., in the cafeteria of Grossmont hospital; Mrs. Von N. Marshall, president, presiding.

Among the important reports to be called for are the following:

Meetings held by the various area units during the month of November, reported upon by Mrs. Philip Mountjoy, area coordinator vice president, and by the area chairmen involved;

The indoctrination course given on the evening of December 2 for the special benefit of new members—a membership requirement—reported upon by Mrs. L. L. Louis, director of hospital volunteers vice - president, under whose auspices the indoctrinations are held;

Consensus of the meeting held December 2 by the by-laws revisions committee to study several suggested policy changes, reported upon by the committee's chairman, Mrs. William E. Long.

Considerable new business is also on Mrs. Marshall's agenda. Board members, who have been notified by postcard, are being urged to attend in spite of pre-Christmas busyness.

Kiwaniannes Elect Mrs. Durham

The Lemon Grove Kiwaniannes elected a slate of new officers at their December meeting. Elected were: Mrs. Jack Durham, president; Mrs. Robert Burns, vice president; Mrs. Robert C. Wilson, secretary; Mrs. Virgil E. Duea, treasurer. They will be installed in office on Wednesday noon, December 21, along with the new slate of Kiwanis club officers; place to be announced.

Following the business session, the group held its annual Christmas party and "white elephant" exchange. The meeting was held in the new home of Mrs. Max Goodwin. Mrs. Byron Netzley and Mrs. Frank Armstrong were co-hostesses.. Refreshments were served.

Dentist's Auxiliary Showing Puppets

Members of the Woman's Auxiliary to the San Diego County Dental society will present a puppet show, "Once Upon A Toothache," Thursday of this week to students at Palm avenue elementary school. The auxiliary staged the show for children at San Miguel school December 4 and at Golden Avenue school December 3.

The show, performed at schools throughout the county, was written and recorded by the Padre Puppeteers of San Diego who also made the puppets. The Dental society auxiliary members operate the puppets during the shows which are presented approximately once a week.

Mrs. William D. Ungricht is chairman of the show for Lemon Grove.

Women Plan Yule Party

The regular social meeting of the vogue section of the Lemon Grove Woman's club will be in the form of a Christmas party Tuesday at 8 p.m. at the home of Mrs. Thomas Duffner, 7049 Central avenue, Lemon Grove. Gifts will be exchanged and games, refreshments and Christmas carol singing are planned.

Hostesses for the party are: Mrs. Duffner, Mrs. Charles Curley, Mrs. Harold Hatton and Mrs. William Carr.

The regular board meeting will be held Tuesday, December 30, at the home of Mrs. James Grandfield, 1912 El Dora, Lemon Grove, at 10 a.m.

Mental Health Plea 'Filed' By Supervisors

SAN DIEGO (CNS)—The state should boost its mental contribution under the Short-Doyle act, the county board of supervisors decided this week.

Board members "filed" two requests Tuesday for support for mental health work in the area, waiting for a boost in the state's share of the cost.

"This idea should jell in another six weeks," said supervisor David W. Bird, in response to a plea for action from the Rolando PTA, Mt. Helix Council. He then moved that the request be filed.

Supervisors are to meet December 22 with the county's delegation in the state legislature, when the legislators will be asked to try to get a boost in the state's participation to 75 percent.

Supervisors have put off for nine months any action on the Short-Doyle act, although they have been under pressure from school, medical and other civic groups. They have insisted the county's proportion of the cost for treating mentally disturbed persons is too high.

Other counties, notably Los Angeles, have cooperated with the state program. However, supervisor Robert Dent, who advocates the 75-25 ratio of cost, this week said many counties are holding out for 90-10 distribution of expenses.

Le Mesa American Legion Post Honors Members Of Long Standing

The La Mesa American Legion post honored several of its members recently by presenting continuous membership cards for 40, 35 and 25 years of membership in the organization.

Presented 40 year cards were Rube Levy, John Haslam, Frank Goforth, Charles Swoboda, Dr. C. J. Kerr, Ted Gonsalves and LeRoy Bailey. The 35 year member was Arthur DeReimer and the 25 year member was Andy Fogarty.

December is a busy month for the La Mesa post. December 9 was county council day in National City; the post executive board meeting December 11 is followed, the next night, by the regular meeting, December 14th is 22nd district meeting in Vista. December 22 is La Mesa post's children's Christmas party and December 31 is the New Year's Eve dance.

The post's Christmas party is open to all children of post members. Members are urged to bring their children.

Members are urged to make reservations early for the New Year's Eve dance open to the public. Persons sending in reservations early are assured of a seat around the dance floor. Noise makers, caps and confetti have been purchased for free distribution.

Ministerial Association Slates Dinner Meeting

The pastors and pastors' wives of the Lemon Grove-Spring Valley Ministerial association will have their Christmas dinner meeting at the home of Pastor and Mrs. Donald Cooke Thursday at 5 p.m. The meeting will feature a potluck dinner.

Mr. and Mrs. Virgil Duea are the proud grandparents of a granddaughter born to their daughter and son-in-law, Mr. and Mrs. Terry Sverdsten of Cataldo, Idaho. Mrs. Duea is visiting with her daughter and family.

Sunday School Units Set Christmas Program At Lutheran Church

The intermediate and bible departments of the Sunday school of Lemon Grove Lutheran church will present a Christmas program Sunday at 7 p.m. Parents and friends are invited to be present. Refreshments will be served following the program.

On Saturday, beginning at noon, the men of the church will work at the church. Many odd jobs will be done to improve the general appearance of the church and grounds.

On Saturday evening the couple's club will gather to decorate Christmas trees. Young folks and others who wish to help are invited. The couples will furnish refreshments following the decorating.

The Lemon Grove church Sunday will be the setting for the wedding of Charles W. Sprague and Miss Maxine Staak at 5 p.m. Pastor Bakken will be the officiant.

John Thomas, a member of the church passed away December 2 at his home in Lemon Grove. He was laid to rest at Greenwood Mausoleum on December 5.

GOP LEAGUE REELECTS GIGLIOTTI

Dr. Frank Gigliotti, 3785 Riviera drive, Lemon Grove, has been reelected president of the Men's Republican league of San Diego. He immediately announced the first major political event would be the Lincoln Day luncheon session to be held February 12. The league has sponsored the event annually for many years.

Elected with Gigliotti were Joseph Colton, vice president; assemblyman Frank Luckel, Frank McElwee and Fred Rhodes, regional vice presidents; James H. Johnson, vice president at large, and J. Russell Jones, treasurer.

La Mesa Church To Greet Pastor

Saint Andrew's Episcopal church, La Mesa, December 21 will welcome is new rector, the Rev. Charles Richmond, who comes to La Mesa from St. Andrew's by-the-Lake, Elsinore.

Father Richmond was born and educated in Bristol, England.

It was in East Africa during the second World War when he was serving in the King's African Rifles that the Richmonds met and married. They have two sons, David and Rollin, both born in Africa.

Father Richmond, in addition to his service as missionary, has been rector of parishes in England and Canada. The family found the Canadian climate too severe after life in the tropics and chose to come to California in 1953. They will reside in the rectory of St. Andrew's church at Jackson and Lemon avenues.

these needs and question the electorate in the community as to what is actually wanted in the voters' opinion . . . and what recomendation they would make for solving any such problems.

I think it follows that a mandate, coming as it were from the people, and handed to those most representative (as proven by being top vote getters) of the people, would clearly light the course the community should follow.

This would bridge the difference of opinions on annexation-incorporation-status quo.

A few candidates for council have left their advertisments tacked up around town. One way these people could show they were sincere about wanting to serve their community would be to take these signs down.

This obviously, would make the town look cleaner.

Back during the world series when baseball fever was at its height, habitues of a local cafe had a pool going.

Each of 100 persons plunked down a buck each with the total going to the person lucky enough to hold the winning number. As we said, fever was at highest pitch: so high, in fact, the barkeep mislaid the card on which the contestants had listed their names. It is said to have slipped behind a permanent bar installation and a major overhaul is necessary to recover it, if it is where they suspect.

We ran a yarn on it at the time and since then Harvey Goselin, in whose cafe the card was lost, has been plagued by demands for recovering it. In the meantime, he is holding $100 in cold, hard cash.

Last week, Harvey decided to hold a plebescite. He asked each and every one of his patrons to what local charity he would prefer the money to be given. A vast majority designated the Lemon Grove Swimming Pool Association.

That is why Dr. Robert Burns, past president of the Swimming Pool Association was handed a check for $100 from Harvey's Club Venezia this week.

Other oficers to be installed are: Harry Raymor, treasurer; Victor Riska, chaplain; Chester Hobbs, senior deacon; LeRoy Nienaber, junior deacon; Marland Long, marshal; Lloyd Summerville, senior steward; Archie Hutchings, junior steward, and Lewis F. Steiner, tyler.

Installing officer will be Lionel A. Thorogood, past master of the lodge. Master of ceremonies will be Henry Jensen and installing chaplain, Tom Parson, both past masters.

Little League Opens Christmas Tree Sale

The Lemon Grove Little League will sell Christmas trees this year as one of their fund raising projects. Mac's Monterey market has donated a lot for the sale of trees which will begin Thursday of this week.

County Seeking Third Courtroom

sheriff to find space for Harelson's court on the basis that supervisors weren't going to. The supervisors' approval of plans for a second courtroom and their agreement with the city of El Cajon for continued use of the council chambers changed this, but Strand's plea still remained on the docket for the supervisors' meeting Tuesday.

"He ought to know his legal responsibility," said deputy county counsel Bertram McLees, Jr., "as he's been through this before."

McLees was referring to the fact that judge L. W. Cottingham of the Oceanside municipal court, served a similar order on the sheriff.

"In view of our action of preparing plans and agreeing to use the council chambers," said supervisor Robert Dent, "I don't think we have to act on the sheriff's letter."

REQUEST 'FILED'

The board then voted to "file" Sheriff Strand's request for advice.

Judge Garfield said this week sheriff Strand and sheriff chief deputy William H. Woods had inspected present facilities in El Cajon as the first step in complying with Garfield's order.

Dr. Frank Wegee Dies In Canada

Dr. Frank Wegee, who operated chiropractic offices in Lemon Grove for 12 years, died Sunday while visiting his sister-in-law in Victoria, British Columbia.

Dr. Wegee sold his office two years ago to Dr. Stanley Yanchul. He retired to care for his ailing wife, Elsie, who died October 5.

Following the death of his wife Dr. Weege resided with friends of the family, the Otto Becker family of Fletcher Hills. He decided suddenly to make the trip to Canada and within a matter of days after his decision, left. He arrived in Victoria Friday and died of a heart ailment Sunday.

Services are being held in Victoria to be followed by cremation. His remains will be returned to Lemon Grove to Conrad's mortuary where local services will be conducted. Schedule for services will be announced later.

'Follow Our Faith' Theme For Pageant

The Monterey Heights school PTA will sponsor its annual Christmas pageant Wednesday at 7:30 p.m. at the school.

The pageant "Follow Our Faith," is under the direction of Rick Stammerjohn, sixth grade teacher, and Mrs. Ben Ela, program chairman.

The Rev. E. Walter Smith will give the invocation. Hostesses are the third grade room mothers.

Drapery Shop Will Feature Custom Work

Peggy's Drapery shop, 3458 Main street, Lemon Grove, was opened this week by Mrs. G. A. Jader of 3221 Acacia street, a four-year resident of Lemon Grove.

The shop will specialize in custom drapery service of all kinds, including drapes, cornice boards, padded headboards, slip covers, pillow cases, etc.

Scout News

George Bean, San Diego city manager, has been named council chairman for Boy Scout week, February 7-15. The appointment has been announced by council president Samuel McCarty and Ned DeWitt, council special events chairman.

The week marks the 49th anniversary of the Boy Scouts of America. It will stress "A Scout Is Friendly."

The 1960 golden jubilee jamboree of the Boy Scouts of America will be held at Colorado Springs, Colorado, it has been announced by the national council.

The annual potluck luncheon of the Lemon Grove Girl Scout Neighborhood will be held December 16 at the Lemon Grove youth center. The business meeting will start at 9:30 a.m. with the following slate of officers to be elected: chairman, Mrs. Virginia Loveland; vice chairman, Mrs. Odessa Gagian; secretary-treasurer, Mrs. Mary Brouillette.

The luncheon will start at 11:30. All Girl Scout leaders, co-leaders and mothers are invited to attend. There will be an exchange of gifts.

Taft Bell, 49, Dies At Home

Taft (Ted) Bell, 49, of 2131 Dayton drive, Lemon Grove, died Sunday at his home.

He was a native of Missouri and managed used car businesses for 25 years. At the time of his death he managed the used car department at Acme Chevrolet in National City.

Mr. Bell is survived by his widow, Faye; father, Robert of Dora, Missouri; four brothers, Ervill of San Diego, Louis of Fairfax, Missouri, Powell of Ocean Beach and Morell of Los Angeles; two sisters, Mrs. Dell Woods of Oklahoma and Mrs. Madge Robinson of Pacific Beach.

Funeral services will be held Thursday of this week, 1:30 p.m., at Greenwood mortuary.

Sorority Plans Christmas Meet

Gamma chapter, Epsilon Sigma Alpha, will hold its annual Christmas dinner and pledge initiation Tuesday at The Flame, 3780 Park boulevard, at 7 p.m.

There will be an exchange of gifts, revealing the names of Secret Sisters and new names are to be drawn for the coming year. Mrs. Robert Wheatly and Mrs. In charge of the affair are:

Pledges to be initiated are: Mrs. Robert Robertson, Mrs. Ralph Owens, Mrs. Woodrow Sommerville, social chairman and Mrs. George Mueller, vice president.

Play Set At San Altos School

"The Twelve Days of Christmas" is the title of the Christmas program to be presented Tuesday evening, at 7:30 p.m., by 100 students of San Altos school, in the school cafetorium.

A short PTA business meeting will precede the program. First grade room mothers will be hostesses.

Students at the San Altos school will attend the dress rehearsal Tuesday afternoon at 1 o'clock. At the evening performance, child care will be provided in the kindergarten for children accompanying their parents.

Local Demos To Celebrate

A meeting of the Lemon Grove Democratic club will be held on Friday at 8 p.m., in the home of the president, Mrs. H. J. Warner, 7815 Mt. Vernon, Lemon Grove. In addition to being something of a victory celebration—all except two of the nominees backed by the bloc having been elected—the group will elect officers for 1959. Members are being notified by postcard and telephone and a full attendance is urged.

Tots' Christmas Toys Safety Tips Listed

With Christmas near, the San Diego Department of Public Health has some suggestions for safe toys for tots. Says the department:

"Many Christmas toys will be wrapped in gay paper in the next few days to await the delightful eyes of a child. How long that delight will last will depend to a great extent on the thought that went into the selection of the toy.

"To be safe for young children toys should be smooth without sharp edges or small removable parts. Painted toys should have a non-lead, chip-proof paint. Toy trucks and wagons should be sturdy enough to hold the weight of a child and his playmates. All toys should be durable enough not to be quickly broken.

"Toys can aid in a child's development and should be suited to his age. One toy may build his muscles. Another may teach him to think or help give him poise. The right toy may even aid in a child's vocational development by building an interest in some craft or hobby or even a science."

'Count Blessings' Theme For PTA

"Count Your Blessings" is the theme for the regular monthly meeting of the Golden Avenue school PTA at 7:30 p.m. Thursday of this week at the Lemon Grove junior high school. A Christmas pageant will be presented by the primary grades of the school. The PTA executive board will act as hostesses.

The group's executive board met recently at the home of Mrs. Evelyn Lauritzen to plan for Thursday's meeting and to hear Mrs. L. H. Kinnersley, welfare chairman, explain Christmas needs for destitute families.

New 25 Cent Savings Stamps Go On Sale Here

WASHINGTON, D.C. — The Lemon Grove and Spring Valley post offices has a real bargain for you — a brand new United States savings stamp in patriotic red, white and blue, at the same old price of 25 cents.

For an even better bargain, you can buy 10 stamps in an attractive gift book for $2.50 — or 20 stamps for $5.00 — and the book doesn't even cost you that extra penny.

The new stamp, a successor to the old 25-cent green savings stamp, went on sale in postoffices all over the country, on November 18. It marks the first major change in design since the present series was begun in 1942. The other denominations remain unchanged: the 10-cent stamp in red, the 50-cent in blue, the $1 grey, and the $5 brown.

The gift book is an entirely new item, providing a useful, attractive and inexpensive gift for the youngsters who "has everything." Size 4"x2", the book cover is in red, white and blue, picturing Uncle Sam wrapping a huge gift, with the wording: "A gift of U.S. Savings Stamps" and the customary "To" and "From" lines. While especially appropriate at the Christmas season, the gift books are for all year-round use.

Savings stamps are accumulated in a special album, available free at all post offices.

More than one hundred million savings stamps were sold last year, at a total value of nearly $20 million. Many of these sales were made through weekly stamp day plans in schools enrolling more than six million students. Many additional schools are installing the savings stamp thrift plan this fall, the Treasury reported.

Health Director Looks at County Health

Alcoholism, Sewage, Top Health Problems

The San Diego Department of Public Health has reported the top sanitation problem confronting San Diego county is the continued sewage pollution of San Diego bay.

In the annual department report for the 1957-58 fiscal year, Dr. J. B. Askew, director of Public Health, said current emergency chlorination of sewage emptying into the bay and land disposal of sewage sludge previously dumped into the bay "are only a temporary solution at best. The real solution rests on a decision by the people to have a sewage collection system, sewage treatment plant and sewage disposal system that will be adequate to accomodate sewage from all cities in the metropolitan area."

ALCOHOLISM CITED

Alcholoism was also cited as a growing problem in the county. "In 1957," Dr. Askew pointed out, "cirrhosis of the liver—disease which is very frequently a direct result of alcoholism—was the eighth leading cause of death in San Diego county."

The 10 leading causes of death in San Diego county in 1957 were: heart disease, cancer, vascular lesions, accidents, certain diseases of early infancy, influenza and pneumonia, congenital malformations, cirrhosis of the liver, general arteriosclerosis, and suicides. Heart disease, cancer and vascular lesions of the central nervous system accounted for more than 63 percent of the county's 6,483 resident deaths in 1957.

Looking ahead, Dr. Askew said geriatrics, accident prevention and mental health would receive greater emphasis in the public health program.

GERIATRICS IMPORTANT

"Geriatrics will be of increasing importance to the public health of our county in years ahead," Dr. Askew said. "We are living longer, and as a people we must prepare to meet the needs of the aged and chronically ill in better ways."

Dr. Askew said accident prevention "must occupy more of our thought and effort. Accidents were the fifth leading cause of death in San Diego county last year and claimed 513 lives. One out of every seven accidental deaths took the life of a child. Most of the adult deaths and almost all of the accidental deaths of our children could have been prevented."

In forecasting a greater emphasis on mental health in the future, Dr. Askew said: "a symptom of this need lies in the fact that suicides were the tenth leading cause of death in San Diego county last year. Suicides stem from a state of mind, a mental illness that is not without its warning signs. Great advances can be made through broader health education in this field."

The fiscal year 1957-58 brought no major outbreak of any serious communicable disease to San Diego county, Dr. Askew said. He added that the death rate for pulmonary tuberculosis in the county continued at the all-time low established last year of 3.8 per 100,000.

INFANT DEATHS

Dr. Askew called the drop in the infant mortality rate in San Diego city and county from 60 infants per 1,000 live births in 1927 to slightly more than 25 in 1957 "phenomenal." He attributed the drop to the improved medical knowledge of physicians and the increasing number of infants delivered in hospitals.

Underlining the importance of parental medical care for mothers, Dr. Askew said the 1957 records showed that 57.8 percent of all mothers in the county sought medical care by the end of the third month of pregnancy; 73.6 percent by the end of the fourth month; and 83.6 percent by the end of the fifth month.

"The record, however, may still be greatly improved," Dr. Askew said. "As more mothers-to-be seek medical care earlier in their pregnancy, this county can expect to see a result of healthier mothers and babies, with fewer infant deaths."

HEALTH HIGHLIGHTS

Among the public health highlights in this county during the fiscal year, Dr. Askew mentioned the following:

Bringing public health services closer to the people through the construction of the Primary Health center in San Diego and secondary health centers in Oceanside, Escondido, El Cajon, Chula Vista and southeast San Diego.

The extension of sewers to 15,579 homes throughout the county.

The establishment of a wind reporting network to supplement the other fact-finding programs being carried out by the San Diego County Air Pollution Control District in meteorology and the analysis and measurement of air pollutants.

The Department of Public Health also provided resident training for the first physician to be sent here by the State Department of Public Health in a resident training program established to help meet the shortage of qualified physicians in public health.

Copies of the Department of Public Health annual report have been sent to the board of supervisors, mayors and city councils throughout San Diego county, professional people, and interested agencies.

Dr. Askew said a limited number of additional copies are available on request.

Youngsters, Oldsters Greatest Risks For California Pedestrian Accidents

The very young and senior citizens are the most frequent victims of pedestrian accidents, according to Captain R. Gautsche of the California Highway Patrol's San Diego area.

"The very young constitute 21.4 percent of California's population, but they total 40.6 percent of the pedestrians who are killed or injured on our streets and highways," Gautsche continued. "At the other end of the age scale, senior citizens make up about 8.2 percent of our population and 12.5 percent of the pedestrian accident victims."

The patrol official noted that nearly half of all pedestrians killed or injured are committing unsafe traffic actions when hit. The most dangerous of these unsafe actions is crossing a street illegally, which accounts for 80.6 percent of the fatal and 85.5 percent of the non-fatal pedestrian accidents.

As might be expected, by far the greatest ratio of "unsafe action" accidents involve children up to nine years old, Gautsche said. The senior group, 65 years and older, are relatively careful but lack the speed of activity needed to remain safe.

"During this especially dangerous period of early nightfall, many lives can be saved if motorist and pedestrian will exert an extra measure of carefulness," Gautsche concluded.

☆ In St. Albans, England, the production of a play called "World Without Men" which had a cast of seven women and a cat was called off by the local Women's Institute after all the cast, including the cat, were found to be pregnant.

HOME FOR CHRISTMAS—A unique approach to prospective home buyers is being made by a title insurance firm in San Diego county. With a theme "Please DO open before Christmas, the door to your new home," the Land Title Insurance company has embarked upon a promotional program aimed at increasing real estate activity through the end of the year, in a period usually quiet, from a real estate point of view. Thomas A. Clarkson, vice president and manager of the title insurance firm said it was an attempt to convey best holiday wishes to the firm's clients in a manner "both practical and consistent with the universal Christmas theme of home and the family unit." In the photo are Hal Rand, president of the San Diego Building Contractors Association and Skip Moody, a San Diego county beauty, looking over one of the displays developed by Land Title to help set the atmosphere for the promotion.

TRAILER PARK PEOPLE PLAN DINNER MEET

Unit 31 of the California Trailer Park Association will hold it's monthly dinner meeting at El Nadadero Thursday evening. Earl Woods, chairman, will preside. Guests of honor will be Eddy Quinn and his four building inspectors Lewis Wisler, Joseph Powell, James McKenna and Claude Jones. Discussion will include a review of the new Trailer Park Ordinance and its enforcement.

Agency Adds Space

Armstrong, Fenton & Vinson, advertising and public relations agency, has increased its office space in Suite 548 of the Sprekels building in San Diego.

The agency has added two more offices to the nine already occupied. One of the new rooms will be used by T. G. Armstrong, president of the firm, and the other will be turned over to the traffic and control department.

Fugitive Captured In S.V. After 70 MPH Chase

A seveny-mile-an-hour chase Saturday night through Spring Valley ended with the capture of a fugitive from Kern county.

La Vern Speer, 33, who escaped from custody in Riverside November 2, was booked in county jail on suspicion of car theft and on a hold order from the Kern county sheriff's department.

The chase, in which the fugitive frequently reached 70 miles an hour, ended at 8905 Campo road, in the yard of Carl A. Nelson.

Approximately 100 spectators were drawn to the scene by the wailing sirens of the police cars. Spectators witnessed San Diego city patrolman Donald E. Thomas and California Highway patrolman Charles L. Evans make the arrest. The 1954 car driven by Speer veered into Nelson's avocado grove, after knocking down 45 feet of fence. The auto hurdled a four-foot fence after Speer slowed to 15 miles-an-hour at Merritt drive and Campo road to jump from the moving vehicle.

Speer then jumped the four foot fence at the Nelson residence. Officers Thomas and Evans collared him on foot, overtaking the man without firing a shot, although they had their service pistols drawn. They restrained their fire because of the danger of hitting the Nelsons who had come to their door.

The fugitive was first sighted in Encanto by patrolman Thomas as Speer was leaving a service station in a car which had been reported stolen in La Mesa. The chase then ensued through Encanto, Lomita Village and finally Spring Valley.

The night before, police had thrown a dragnet around a La Mesa bowling alley after getting a tip that Speer was there. They arrested Shirlee Jean Sloan, 29, described as a companion of Speer's, and Gilbert Bradshaw, 38, who is reported to have worked for an auto firm in Lemon Grove until recently.

Police also surrounded a motel where Speer was believed to have been residing and filled it with tear gas but Speer eluded them. Nine pistols were found in Speer's room.

Patrolman Evans injured his knee when he skidded his motorcycle to a halt when Speer jumped from his auto. La Mesa police filed a charge of auto theft against Speer. He was transferred later to county jail.

Andre Named To Heart Fund Assn.

David C. Andre, a San Diego life-insurance executive has been appointed vice chairman of the San Diego County Heart Association Heart Month campaign. The campaign will be conducted here February 1 to 28.

Last week William J. Mecke accepted the post of chairman of the annual fund raising event.

PICTURE TALK

by Bob Vaught

I haven't had much time to polish up my prose this week. Early bird Christmas shoppers (bless 'em) have had me on the run. But thought I would pass some hasty observations about our portion of the holiday counter attack.

Bob Vaught

Color is Big. Question most shoppers are asking about cameras, "Does it take color?" Most frequent answer, "Yes." Even Brownie Star Cameras, priced as low as $5.95, take color snapshots and color slides.

35mm is Boom-ing. Lots of shoppers are looking at and buying Kodak's new Pony II 35mm camera. A honey of a gift. Takes color slides that are beauties. Priced right at $26.75. Ask us to show you this one if you're looking for a gift for someone "special."

Movie Cameras Moving Fast. Brownie Movie Cameras are on many a shopping list. New Brownie with built-in exposure meter getting a big play. No wonder. It makes the kind of gift that puts an extra thrill into Christmas morning.

Open Me First. Seems everybody thinks the "Open Me First" tags we supply with Kodak gift cameras are a great idea.

ALTERNATE SCHEDULE I

All items of work in "Alternate Schedule I" shall be the same except that the work shall include the furnishing of any and all required labor, transportation, services and material, **other than water pipe, fittings, valves, remaining joint materials, ¾" through 2" copper tubing, bronze valves, cocks, concrete meter boxes, all of which will be furnished by the District if required,** for the hauling, distributing, excavating, laying, caulking, tapping, assembling, testing, backfilling, restoring all pavement and surfacing where necessary for the construction of Pipeline Project No. 7725 complete, as shown on the plans and in the specifications.

Material to be supplied by the District shall be made available to the Contractor at the District's yard at 1100 Wagner Street, El Cajon, California.

The District reserves the right, after opening bids, to award the contract for either schedule to the low bidder for such schedule whether or not such bidder is the lowest of all bidders regardless of schedule. The bid is called for in alternates to determine the relative cost of each type of construction and the District's Board of Directors, entirely in its discretion, may elect to award the contract to the low bidder in either schedule. The District also reserves the right to reject all bids.

It is especially called to the attention of the Bidder that the work placed under contract shall be commenced by the Contractor within thirty (30) days after the date of the letter giving notice to the Contractor to proceed; the official starting date shall be said 30th day and shall be completed within one hundred twenty (120) calendar days, including Sundays and holidays from such official starting date.

Bidders are hereby notified that pursuant to the Statutes of the State of California, or local law thereto applicable, the Helix Irrigation District has ascertained the general prevailing rate of per hourly wages and wages for legal holidays and overtime work in the locality in which this work is to be performed, for each craft or type of workman or mechanic needed to execute the contract which will be awarded the successful bidder, and that these prevailing rates are contained in said specifications, adopted by the Board of Directors of said District on October 28, 1958.

It shall be mandatory upon the Contractor to whom the contract is awarded and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

Each bid shall be made out on a form attached to and forming a part of the Specifications, which can be obtained at the office of the Helix Irrigation District, 8111 University Avenue, La Mesa, California and shall be sealed and filed with the Secretary of the Board of Directors of said District on or before Dec. 23, 1958, at 9:00 A.M. and publicly read aloud on or after 9:00 a.m. of that day in the office of the Board of Directors of said District.

Each bid shall be accompanied by a certified or cashier's check or bond secured from a surety company satisfactory to the Board of Directors of said District, the amount of which check or bond shall not be less than 10 percent of said bid made payable to the order of the Helix Irrigation District. Such check or bond shall be given as a guarantee that the bidder will enter into a contract if awarded the work, and will be declared forfeited if the successful bidder refuses to enter into said contract after being requested so to do by the Board of Directors of said District.

The successful bidder will be required to furnish a labor and material bond in an amount equal to 50 percent of the contract price, and a faithful performance bond in an amount equal to 100 percent of the contract price, said bonds to be secured from a surety company satisfactory to the Board of Directors of said District. The successful bidder shall also be required to meet the insurance requirements of the District as set forth in said General Conditions and all of said bond and insurance requirements shall be completed and submitted to the District within six (6) calendar days from the date the District gives written intention to award the contract. Failure to meet these requirements within the alloted time shall be sufficient cause for rejection of bid.

The bidder shall be required to submit with the bid a guarantee of bonds on the form provided in the Specifications. All Plans and Specifications shall be returned to the District, whether or not a bid is submitted.

No bid will be accepted from a Contractor who is not licensed in accordance with the law under the provisions of Division III, Chapter 9 of the Business and Professions Code of the State of California.

The said Board of Directors reserves the right to reject any or all bids and/or waive any irregularity in a bid.

Forms of Proposal, Contract, Plans and Specifications may be obtained upon application to the District, for which a deposit of five dollars ($5.00) will be required. The deposit will be refunded provided said plans and specifications are returned in good condition within thirty (30) days of the bid opening. If plans and specifications are not returned within said 30 days the deposit shall be forfeited.

Mrs. Kelly To Head Local Camp Fire Girls' Peanut Drive

Camp Fire Girls in San Diego County will conduct their annual Peanut Sales Drive from January 16 to January 31.

In Lemon Grove, the district chairman is Mrs. John Kelly, 7926 Longdale street.

The local distribution center will be maintained by Mrs. Victor Riska, 3281 Massachusetts avenue, where the group leaders will pick up their cases of peanuts.

The Council's goal is to sell 125,000 cans of peanuts bearing the distinctive red, white, and blue Camp Fire Girls' label. No peanuts will be sold by Camp Fire Girls, Blue Birds, or Horizon Club members without this label, Meise said.

The profits are expected to add more than $26,500 to the San Diego County Camp Fire Girls Council's capital building fund. The Council receives its operating money through the United Fund.

The capital fund is used to add to the two camp sites the Council maintains: Liligro Cabin in Balboa park and Camp Wolahi in the Cuyamaca mountains. Liligro Cabin is a day camp while Wolahi is a summer camp for groups to stay a week at a time.

This marks the seventh consecutive year Camp Fire Girls have sold peanuts. A profit of 45 percent is realized on each can sold, and unsold cans may be returned without cost or penalty.

Each can sells for 50 cents, resulting in a profit of 22.5 cents to the Council. The Council returns three cents to individual Groups on each can sold.

Peanut Sales will be conducted by Camp Fire Girls, Blue Birds, and Horizon Club girls wearing their regular service costume. More than 3,400 active members will call at every home in the County, except Oceanside, which has its own council.

While selling peanuts, the girls will be under the supervision of an adult, will always be courteous, and will never enter any house at any time, anywhere, Meise pointed out. Each girl will have a quota of two cases, 48 cans.

Last year, the Council sold more than 116,000 cans of peanuts for a profit of more than $25,000. There were 2,787 girls involved in the drive.

Hollywood Highlights

by Bob Turnbull

(At various time throughout the year this column will appear in order to keep the Home Guard tuned in with the latest Hollywood doings. Especially those events that in some remote way affect the Spring Valley-Lemon Grove guys 'n gals.) —Ed.

Filmland photog-columnist Earl Leaf always speaks kindly of three local thespians in his monthly "My Fair and Frantic Hollywood" column in "Teen" mag. The three in question are Lemon Grove's Dennis Hopper, San Diego's Jo Morrow and myself. Dennis is currently on a TV kick and doing well in that ever-changing medium . . . the tragic death of actor-friend Tom Pittman came as a blow to both Dennis and me. That old saying "Speed Kills" was never so true, especially when the grim reaper chops down a companion. Speedsters, take note.

San Diego is well-liked in Smogville as a "sneak-preview" base of operations. Also premiers set well in this town. The more we support them, the better chances for earlier first run flickers . . . "Hollywood Reporter" columnist Mike Connolly, an occasional Border City visitor, is by far the top on-the-spot journalist in Hollywood. His staccato sentences aren't wasted. They hit the facts and hit them interestingly . . . For those of you who dig American-International pics watch for bigger 'n better quality films to be produced in '59. This is one of the fastest growing independent studios in town. The Corman Brothers have created their own miracles.

Two more San Diego lads have made the scene in hopes of climbing Hollywood's nearly insurmountable walls to success . . . they are ex-Helix Highlander Steve Stevens (class '56) and a 1950 alumnus of Kearney high school, Jerry McCarter. Jer is currently the lead tenor in Roger Wagner's "Song of Norway." He also has an aunt, Lillian Johnson, who resides in Encanto.

Fan Club Roster . . . For John Ashley, Kathy Case and Don Murray's fan club presidents, their addresses follow. From time to time we'll list OFFICIAL fan club addresses for those of you interested . . . John Ashley, c/o William Lord, president, 2127 So. Wirte ave., Springfield, Illinois . . . Kathy Case, c/o Ruth Kathan, 125 So. 2nd street, Delavan, Wisconsin . . . and Don Murray, c/o Tom Colon, president, 15 James street, Keyser, West Virginia.

Truck License Fee Notices Sent By DMV

The first million-and-a-quarter vehicle registration renewal notices for 1959 have been mailed to owners of commercial vehicles and trailers of all types, the Department of Motor Vehicles announced this week.

Registrations of these types of vehicles may be renewed for next year between now and February 4, 1959, without drawing penalties under state law.

Owners who present their fees with their statement cards in person at DMV offices will receive a 1959 registration card and a silver-white renewal sticker for the rear plate, to be placed over the expiring 1958 green sticker.

Passenger car statements will not be released to the mails by DMV until December 26, for renewal between January 2 and February 4.

Station wagons registered in 1958 as commercial vehicles are now eligible for renewal with other commercial vehicles, but the owners may choose whether they wish to apply for commercial or passenger car registration for 1959. Fee statements for station wagons are marked with a horizontal green stripe. The great majority of station wagons have been registered as passenger vehicles and renewal cards will not be issued for them until December 26. The same choice of registration class will be available for these, also.

Any person who applies on or after December 1, 1958, for transfer or ownership of a vehicle registered in California, is required by law to apply at the same time for 1959 registration, and to pay the full year's fees when reporting the change. The department advises such transferees to watch the dates on their transfer documents carefully, as penalties for delinquent transfers reporting become effective 40 days after the former owner signs off the pink slip.

Another group alerted by DMV includes the owners of trailer coaches or house trailers. These must be registered in California for the full year, whether used on the highways or not.

Internal Revenue Chief To Retire December 31

Internal Revenue commissioner Dana Latham announced in Washington, D.C., this week that Ernest C. Wright will retire, effective December 31, as regional commissioner at San Francisco after 40 years of government service.

In his 40 years of service, Wright has held Internal Revenue service posts in Washington, D.C., San Antonio, Texas, and Chicago, in addition to San Francisco. He was regional commissioner in Chicago at the time of his 1954 appointment to the San Francisco commissionership.

Wright will be succeeded by Harold Hawkins, presently regional commissioner at Omaha, Nebraska, who is a career employee of 31 years' service—most of them in California.

Combined Choirs To Sing Cantata

Choirs of the Spring Valley Evangelical Brethren United church and the First Evangelical United Brethren church will combine voices Sunday at 7:30 to present a cantata at the Seventh Day Adventist church, 4207 Palm avenue, La Mesa.

The cantata, "The Christ Child" by C. B. Hawley, will be under the direction of Mrs. Donald Hume of the Spring Valley church and Mrs. Glen Boeck of the First Evangelical church.

The congregation of the Spring Valley church Sunday voted to officially accept the name Spring Valley Evangelical United Brethren church for their new church to be built on Campo road. The Spring Valley congregation is currently attending services at the Seventh Day Adventist church in La Mesa. Sunday services are: Sunday school, 9:30 a.m.; morning worship, 10:45 a.m., and evening worship, 7 p.m.

The Sunday school Christmas program will be held December 18 at 7:30 in the sanctuary of the Seventh Day Adventist church.

Need Hoopsters For League Play

Lemon Grove and Spring Valley boys, 13-14 years old, interested in playing in a Saturday basketball league are urged to report to the Mount Miguel high school gymnasium Saturday, January 10, at 9 a.m., according to coach Tom Welbaum.

Sponsors have been obtained for four teams and players will be screened by the Mount Miguel coaching staff, Welbaum said.

The teams will play each Saturday during January and February. Further information may be obtained by calling coach Welbaum at Mount Miguel high school, HO 0-5551 or HO 9-3007.

☆ Rush hour situations require extra patience and skill, the Automobile Club of Southern California warns drivers. The extra crowding sometimes forces motorists into quick decisions. Good drivers always remain calm and courteous—even under trying rush hour conditions.

Some Gift Ideas For Gardeners

Nothing could be more appreciated by the gardening enthusiast than a gift that reminds—spring is coming!

Anything from a package of seeds to a power tool, such as electric hedge clippers, is sure to make a hit.

But, the indoor gardening gift is one any gardener can enjoy right now . . . so it should be included as a part of the out-door gift:

A gift-wrapped azalea, laden with buds, will decorate a home all during the holidays. Choose one in white, rose or Christmas red. Next May, the gardener can plant it outside to be enjoyed for a long time.

Or, why not fill a gardening basket with small, but very useful items, such as insecticides, soil, food, stakes, pots and a gardening book!

Carols Reveal True Spirit

What would Christmas be without carols? How well they express both the joy and solemnity of Christmastide, when even the least musical among us is awakened to the spirit of the season through traditional songs.

"And suddenly there was with the Angel a multitude of heavenly host praising God and saying, 'Glory to God in the Highest . . .'"

Beginning with this "first carol," as the years went by, each people and each nation contributed to the music of Christmas.

Traditional folk songs were set to music and passed by word of month from one generation to the next.

Other carols were the work of great writers and composers who found inspiration for their creative genius in the always-new story of Christmas.

Musicians such as Felix Mendelssohn, Friedrich Handel, and Franz Gruber composed some of our best known carols, while Martin Luther, Charles Wesley, Isaac Watts and Phillips Brooks are listed among the more famous of the lyric writers.

Carols are usually either religious or convivial. The religious carols are often included in church services, and hail the birth of the Holy Child. The convivial exalt the fun and festivities of the season.

Just about the best known and best loved Christmas Carol, "Silent Night" is comparatively recent, having been composed in the early 19th Century by Franz Gruber and Fr. Joseph Mohr in Arnsdorf, Austria.

Scarves Make Bright Gifts

Holiday fashions square-off in a new and delightful different medley of scarves that make ideal gifts for every gal on your list.

Whether she's school-girl, matron, or in-between, it's easy to find just the size and color to accent her individuality.

The newest 36" scarves convert with ease into loose, low ties, cowl drapes or wide-away neckline loops.

The smaller 28" squares manipulate easily to fill in the fashionable bateau necklines, or fold ascot fashion to highlight Empire influenced suits.

Chiffon squares in the classic 30" size, have taken on a brand-new look in bold brilliant prints or muted tones on tinted grounds. These bow softly at the neckline, drape for a front or back effect and go beautifully with suits.

The smaller scarves in the 24 and 19 inch sizes, pair quickly for a double-dose of fashion. Matched or contrasted, these quick and easy squares create neckline magic, can be used in dozens of ways. This season co-eds are twisting them into flapper bands for the brow.

SHIRLEY TEMPLE returns to the hearts of every little girl with this petite, golden-curled duplicate of herself as a child! The beautiful doll is washable all-Vinyl with Saran rooted hair. A smart wardrobe of 13 pieces is available separately.

By the Ideal Toy Corp.

FOR LADIES ONLY! This is the first pen to be engineered, designed and sold expressly for women. This no-dunk writing instrument is fashionable with a "brocade" pattern barrel and a filigree band. It comes with two colorful cases, for pen and refills.

CHOOSE LEATHER CASUALS for the present-perfect to slip into his Christmas sock! These oh-so-comfortable casuals are smartly and newly styled, and need less precise fitting than shoes! Shown here — a blunt-toed perforated trim slip-on; a soft collapsible glove leather slip-on; (in the clerk's hand); a swashbuckling side-buckle moccasin with a brushed nap, and a "draped" vamp leather slip-on.

ristmas Gift Exchange Has Origin In Ancient Rites

xciting it is to see the rapped packages, the ibbons and colorful pa- shiny new toys and the bulging stockings that delight us all on Christmas morning!

Gift-wrapping is observed in many countries, but not always on the twenty-fifth of December.

Some choose December sixth; and others the twelfth day after Christmas, when the Wise Men came to visit the Christ Child and brought with them gifts of gold, frankincense and myrrh.

Many authorities see a similarity between our modern Christmas gift-giving and the various gift-giving holidays of Pagan times, some of which came at the time of the winter solstice, close to the twenty-fifth of December.

The Romans had a custom of giving gifts at the Calends of January (The Roman New Year). Yet, there is good reason to believe that Christmas gift-giving has a more significant origin than the mere transference of forgotten Pagan rites.

People gave gifts at Christmas in Europe during the early days of Christianity. The old carol, "Good King Wenceslaus," relates such a incident in song.

And perhaps gift-giving is really a memorial to that first and greatest gift made to man, as recorded in the Gospels by St. John: "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life."

A law forbidding Christmas celebrations was written in 1659 by the Pilgrims. It wasn't repealed until 1681.

Local Stores Set Stag Night For Yule Shopping

A stag shopping party (for men only) at Lemon Grove stores will be held Tuesday night.

Seven stores plan to stay open for male shoppers who want to shop for their wives, sweethearts and other feminine members on their Christmas shopping list.

Michael's Steak House will serve free snacks and present a fashion show to the men before shopping hours, from 6:30 to 7:30 p.m. Models will display the latest in feminine wear from Lemon Grove fashion shops during the pre-shopping hour at Michael's.

Stores taking part in the all-male shopping night are: Marsi's, 7863 Broadway; Evelyn Wigton's, 7761 Broadway; Patricia's, 7887 Broadway; Williams department store, 7945 Broadway; Lemon Grove department store, 7846 Broadway, Helen Gauldin's style shop, 7809 Broadway and Linda's, 7931 Broadway.

EVERY CHRISTMAS EVE will feel joyously gifted when she's presented with the heavenly luxury of leisure pajamas in gaily printed, softly quilted Chemstrand nylon. Feminine, flattering—these pajamas will look glamorous and new-looking even after countless washings.

Some 'Tips' For Better Baked Cookies

Here are a few hints that will make your Christmas cookie baking a lot easier.

First of all, prepared mixes are only slightly more expensive than "starting from scratch" . . . but are great time-savers!

Fancy, thin cookies tend to lose their shapes in transferring them from cutting board to baking sheet . . . so roll the dough directly on a greased and lightly floured cooky sheet, cut desired shapes, and remove surplus.

If you wish to hang decorative cookies on the tree, press a small navy bean into the top of the cooky for a loophole . . remove after baking.

Colored bead candies will adhere perfectly to cooky surfaces if you brush rolled-out cookies with a pastry brush dipped sparingly in cold water.

Here's to good eating and easy bakin'!

Yule Log, A Long-Time Custom

Remember those familiar scenes of men and horses pulling a freshly-cut log home o'er the snow from the forest? It was the Yule log, destined for a Christmas fireplace! It lighted up the house with a cheery glow, turned night into day, and made the holiday festivities so much gayer.

This custom, which is still observed in many places, goes far back into pagan times, long before Christianity.

Our ancestors called it the Mid-Winter Fire Festival. It was held indoors because of the bad wheather outside.

The Yule log, generally an oak tree, would be ceremoniously lighted from a fragment saved expressly for this purpose from the year before.

When the new log sent out its brilliant flames it was believed that the house and family would once again be protected against lightning and fires; that the cattle and grain fields would thrive, and all the earth would be fertile.

Yuletide is here,
Yuletide is here,
Now the holly leaf is green-o!
Easter would come
when Yuletide is done,
It Lent didn't come between-o!

—Old Carol

BUSINESS "SUITS" — A brief case for the businessman is a professional accessory, to be chosen with an eye to his work habits. MAKE GAY PLACE CARDS

Place cards add a real party-touch to your Christmas dinner. You don't have to expect a large crowd . . . they're fun to use, even for two.

Plan place cards to fit in with your other table decorations and for simplicity.

Easy and Delightful . . . the ring from a tiny Christmas tree ball. Insert a small candle instead and print the name on the ball with paint or fingernail polish.

▲ "Corker" . . . paint large corks green and decorate them with beads and sequins. Glue or straight pins will do the trick! Spray with glitter and then set large side down on top of a small-er cork . . . voila! you have a Christmas tree to attach to name-cards.

Inexpensive and Gay . . . stuff infant-size red socks (you can buy in the variety store) so they will stand rather erect. Tie a ribbon and card to the sock and stand against the water tumblers.

Hand-some . . . cut simple mitten shapes from a sheet of thick styrofoam. Tie a bright ribbon around mitten wrists and attach cards.

☆ Whether they are the real gem stones, or handsome copies, earrings in bright jewel stones are made to go with the festive season's colorful look.

KNOW YOUR DIAMONDS

If this Christmas you are going to buy a diamond ring for a "special some one," this brief review of the more popular diamond shapes and cuts used in ring design should be of interest to you.

You may already know that one of the most popular of all cuts of diamonds, often chosen for engagement rings, is the brilliant cut. The fiery lights of the diamond are enhanced by 58 tiny planes, or facets, cut on a perfectly round stone.

Unlike a brilliant cut which is always the same shape, emerald cuts come in a variety of shapes. Usually they are oblong, but some are long oblong and others are almost square. It is so named because the diamond is actually cut and faceted in the same way as are emeralds.

The marquise is another popular cut of diamond and, as a matter of fact, is one that is growing in popularity, along with the heart-shaped diamond.

The marquise is boat-shaped and, like the brilliant cut, also has 58 facets. The proportion of the boat-shape depends upon the shape of the rough diamond from which it is cut.

'Christmas State' Title Claimed By California

Sunny, (southern) California where balmy breezes sway the palm trees . . . could this be the "Christmas State?"

There are many unique Christmas activities carried on in the area that suggest it well may be . . . and after all, The Christ Child was born in a land of palms and desert sands.

To support what may be a claim to this title, first of all, there is the official "Nation's Christmas Tree," located in central California. At its site a program is held each Christmas.

The poinsettia was really developed just north of Los Angeles in Ventura, now called "Poinsettia City."

Today, however, San Diego is better-known as the poinsettia center. Annually during the holidays the city has parades, a fiesta and a game in the Poinsettia Bowl.

An awe-inspiring sight nearby is the 100 acres of poinsettias at Camp Pendleton.

Home of the famous Della Robbia wreaths is in Chino.

Among the first community Christmas trees was one placed atop Mt. Wilson near Pasadena.

Just outside Pasadena in Altadena is a famous mile-long avenue called "Christmas Tree Lane." Each Christmas huge deodar cedars are beautifully lighted and visited by many.

Jewelry Items Ideal Choice For All On List

The warmest nicest way to say "Merry Christmas"—that's what you look for on your holiday shopping expeditions. To keep you toward that goal, the Jewelry Industry Council has just issued its annual Christmas gift round-up.

Known for expert gift counselling, the Council has previewed Christmas gifts in jewelry stores across the country and has emerged with a list of gifts for all age groups, in practically every price range.

There are jewels real and synthetic, styled in new, beautiful pieces for women and handsome accessories for men.

There are shelves of silver holloware and many flatware suggestions to please the host and hostess on your gift list. The previous highlights briefly the treasury of gift ideas at your jeweler's, inviting you to pay a visit soon.

THE YOUNG SOPHISTICATE will adore this pretty party dress. It's designed in a wrinkle resistant fabric woven of Eastman Lofted "Chromspun" acetate and silk. Color stays newly bright, fabric stays crips always.

Famed Dickens' 'Carol' Now a Holiday Classic

A tale of the redemption and new-found happiness that Christmas brought to a miserly old man has now become a part of our Christmas observance, as the story of Scrooge and his three ghosts is told and re-told.

Charles Dickens wrote "A Christmas Carol" in 1843. It was first published in London, appearing a few days before Christmas of that year.

An immediate success, it spread throughout the world in countless editions issued in many languages.

Dickens wrote other Christmas tales and essays, but none so remembered as that of the miserly Scrooge, who became the man who "knew how to keep Christmas well," and of Tiny Tim whose Christmas wish was in every heart: "God bless Every One."

In addition to reread[ing] Christmas story, almost [everyone] enjoy one of the numerous and television presentations this classic—or one of [the] recordings now available.

Modern Games For Young Set

It was once a standing family joke that Junior's model trains were really purchased for Dad! Today, with Christmas, '58 upon us, apparent that the latest children's games are really designed for family fun!

The trend toward flexible rules makes it easier than ever for different age groups to participate on equal terms.

"Name that Tune," a form of musical bingo is the first game to base the play on a phonograph record. Ten can play, and probably will.

Continuing in popularity is "Rack-O," a numbered card game played with racks. "Go To The Head of the Class, a take-off on TV quiz shows, comes in a new edition that caters to the knowledge of three different age levels.

A gay new game with a wide age span is "Monkey's Wild," which involves getting a zooful of animals back into their cages.

Games like "Candyland," based on matching colors are for the youngest.

/pe will also lean toward aromatic smoking tobacco, designed to call attention to the pipe and to themselves.

The serious-thinking man—the writer, the artist, the bohemian type may prefer a straight lumberman pipe with classic lines. They usually prefer a larger bowl which gives a longer smoke, enabling the smoker to reflect and think.

Such individuals generally prefer a conservative, slightly aromatic blend, if any at all.

Collegiates prefer fancy shaped pipes, especially the popular aluminum shanked type with interchangeable bowls, and like to call attention to their smoking with a heavy aromatic blend.

However, no matter the personality of the individual, there are choice smoking articles available for every man . . . Dad or Grandpa, son, college student, and office friends, neighbors or acquaintances!

All Sorts of Handy, Dandy Photographic Accessories

Anyone fortunate enough to number a "shutter-bug" among friends or family, knows that starting well before December 25th, and extending through all the holiday festivities, the click of his camera will record every momen of this wonderfully gay season.

There will be a permanent record of every family gathering, every thrilling moment, in movies or stills that will bring these gay occasions vividly alive, years afterward.

While the Christmas season is one of the best times of the year for pictures taking, the camera enthusiast can always be counted on to take pictures of every vacation trip, every amusing incident, every party or get-together. What better way to thrill him than with the gift of a camera or accessory. Both he and you will derive lasting satisfaction from such a gift.

Family movies are no longer a technical mystery, with wonderful inexpensive 8mm movie cameras that are so simple to operate even a beginner can obtain fine results.

Accessories and projection screens are moderately priced, and also make "oh-and-ah" gifts for the picture-taker.

Children or beginners who have expressed interest in this hobby will welcome one of the wide assortment of still-cameras, and still-camera sets obtainable. These range from the basic box-type to the 35mm cameras that provide excellent pictures, no matter what the time or light condition.

If your favorite photo-fiend already has a camera, consider a good supply of film, either color or black and white, a dark room and enlarging outfit, a projection screen or projector. Even the one who has everything will welcome a stereo kit and viewer.

Gadget bags, flash attachments and bulbs, fine photo albums, and filter kits will always "click" with a home cameraman.

To thrill the experienced, you can't go wrong with an editing and splicing outfit, which will give a professional touch to his home movies, and make them so much more interesting.

SWISS SWEATER PAJAMAS are the newest addition to the sleep-warm scene. This style is created in flannelette of rich stained-glass colorings. The lightweight, but bulky-looking top suggests a hand-knit Swiss sweater.

CHRISTMAS IS FOR CHILDREN and this year give them something different — a fascinating, educational Ant Farm! The farm includes a barn, silo, windmill, trees, house and white sand. It's in a 6" and 9" see-through plastic case that's escapeproof! The "live ant colony" is mailed directly to the gift receiver. Grown-ups will enjoy watching this unusual "toy" too — the secret is that the ants live, work and play . . . "just like people!"

Gifts Designed To Delight All Junior Scientists

From missile launching to space stations, the limitless future of our scientific age is reproduced in miniature for Christmas-giving.

It's the age of the junior scientist, and such subjects as chemistry, minerology, entomology, archeology, atomic energy, missile construction and ICBM launchings are featured in a variety of new play kits, designed to discover and develop the scientific aptitude of young Americans.

A portable junior planetarium projects 60 constellations and can be adjusted month by month to fit the changing pattern of the sky.

A space-station was designed by the noted scientist Werner Von Braun, and is an authentic replica of our projected bridge to outer space.

The topical problem of atomic waste is tackled with a miniature car modeled after the latest design approved by the AEC.

Even the traditional electric train sets have adjusted to the new era with a train accessory that reproduces rocket launching in exact detail.

☆ There are approximately 55,000 motels in the United States, reports the Automobile Club of Southern California.

Take Care In Wrapping Parcels For Christmas Mail

If you want that Christmas package to arrive at its destination — and all in one piece — pack and wrap it well.

Use a double-faced corrugated cardboard, not a shoe or other thin cardboard, box. Leave at least two inches between the merchandise and the container and pack it with crumpled newspaper or other material to absorb shock.

Wrap the outside with heavy wrapping paper (plain, please) and tie with strong cord. If the package is sealed, it must contain the notation that it can be opened for postal inspection.

For extra assurance, purchase low rate postal insurance on every package. Also insert a small piece of paper with the recipient's address as well as your own. If the outside is damaged, your package may still be delivered.

Fragile items should be packed individually with some absorbent material, especially if they could leak.

Most anything can be sent through the mail except liquor, firearms, explosives, inflamable materials and obscene articles.

Don't forget that there are new postal rates now.

Any package weighing less than one pound goes at three cents for the first two ounces and one half cents for each additional ounce.

There is a 20-pound limit on parcel post sent between first class post offices. Packages cannot exceed 72 inches in combined length and girth.

Packages sent between other than first class post offices can weigh up to 70 pounds and can be as large as 100 inches in combined length and girth.

If in doubt about whether you are sending from and to a first class post office, or about any other postal requirements, be sure to check with postal authorities.

To help decide when to mail your packages, deadlines have been set up for various parts of the country and are displayed in the post office.

Should you miss a deadline, use air parcel post and special delivery.

The postal service does everything possible to see that your packages arrive in good shape on time . . . but you must do your part too.

THE PERFECT JEWEL for beneath the Christmas tree is this lovely set of massed and mobile jewelry. The multi-strand necklace of milky pearls has moveable shower sparked by iridescent peacock stones. Wear it as you will for throat, shoulder or back accenting. The huge drop earrings are miniature showers of pearls and stones to match the necklace.

Enjoy 'Viking' Coffee For Novel Holiday Drink

An ideal Christmas beverage is one of the newest after-dinner drinks—Viking or Danish Coffee which combines piping hot coffee and mead.

Though mead is referred to throughout the Bible . . . in the legends of Robin Hood and King Arthur, and in the many tales of the adventurous Vikings of Scandinavia . . . many folks do not know what it really is.

Mead is the natural fermentation of pure honey, fresh spring water, and the flavoring of hops. Most mead wine comes from the "fruit bowl" of Scandinavian, Odense, on the island of Funen, in Denmark. It has the bouquet of freshly-broken honeycomb and usually served chilled or over ice.

In a stemmed glass pour 4 oz. piping hot coffee—add 1½ oz. Danish mead wine—Top with whipped cream.

For Junior Santas

Wouldn't your little boy (or girl) love to play "Santa's helper" in their very own red and white fur suit?

Red flannel feet-in slippers that you can make or buy suddenly turn into a Santa-suit with the addition of white fake fur (very reasonably priced) at collar, cuffs and down the front.

If you are unable to find a suitable red stocking cap . . . it is very simple to make—using the principle of a triangle turned into a cone. Sew a rim of white f round the brow and a bi tip end.
